

Endorsement from former State Senator Hugh Webster:

My name is Hugh Webster. I worked as a CPA for over 40 years, served in the NC Senate for 12 years, and for the last eight years I've served as Register of Deeds for Alamance County.

I've known Fern Shubert for many years. I served in the NC Legislature with her. At one point we had matching windowless offices in the basement to punish us for insisting on representing the people who elected us instead of blindly following orders.

Fern Shubert is one of the most intelligent people I've ever known. She's likeable, trustworthy and actually worked to serve the people of North Carolina.

Plus Fern is fearless. When I ran for Congress several years ago, the State Bureau of Investigation (SBI) and the District Attorney worked together to frame me for two felonies. While most people, including Republican legislators and the Republican Party, ignored what was happening, Fern offered to serve as my expert witness for free for the fun of once again exposing the rampant corruption in state government.

And Fern did a great job of exposing the corruption, to such a degree that when the jury came back with a not guilty verdict, jury members said they'd spent their time deliberating trying to figure out why I was even on trial.

Whatever public office Fern Shubert seeks, I firmly believe she is worthy of it.
